

## HOW TO CREATE A PRINT-READY FILE - CARDBOARD EAS PEDESTAL COVERS

The following instructions will help you create a print-ready file. If after reading them you are still unsure about anything, please visit the FAQ section of our website, request a professional File Check or contact customer services.

### 1 FILE FORMAT

Send your file in PDF format in 1:1 scale (not password protected).

### 2 COLOUR

All files should be sent in **CMYK** (cyan, magenta, yellow, black), with the **Fogra 39 colour profile**. Images in RGB or with PANTONE colours will be converted automatically using a standard colour separation profile.

### 3 RESOLUTION

The optimal resolution for the print files is **between 100 and 150 dpi**.

### 4 TEMPLATE

**Always download the template** for the product you purchased from the website and use it as the basis for positioning your artwork: this will make it easier to create a print-ready file.

**Insert your artwork on the 'Artwork' layer, delete all the guidelines except the green line** (the bleed margin) and save the file as a high quality PDF.

**WARNING:** Do not alter the scale of the design, and **do not resize the template**. **Do not use** the spot colours **Artios\_Cut, Artios\_Taglio and Artios\_Crease** in the file, as they will not be printed.

**WARNING:** Do not place important artwork outside **the safe area, as it will not be clearly visible on the finished product**.

EAS pedestal cover template

the artwork will be not be clearly visible here as it will be covered by the structure of the display item.

bleed margin: extend the artwork up to this line to create the bleed

cut line

safe area: enter important text and graphics here

Example: 60x156x115 cm Cardboard EAS Pedestal Cover

Colours to never use

## 5 ADDITIONAL INFORMATION

The minimum line width is 0.5 pt. The minimum printable font size is 12 pt. **We do not advise placing frames and passepartouts too close to the edges**, to avoid any inaccuracy due to the cutting tolerances.

### GOOD TO KNOW

The diagram illustrates the printing process in five steps:

- DOWNLOAD THE TEMPLATE**: Represented by a download icon. The template is a PDF file titled "COPRI ANTITACCHEGGIO 48x53,5x11,5 cm" with a "pixartprinting" logo at the bottom.
- INSERT YOUR ARTWORK**: Represented by a document icon. The artwork is a colorful pattern of vegetables and a logo for "ORGANIC SHOP".
- DELETE ALL LINES except the green line**: Represented by an eraser icon. This step indicates that the green registration lines in the artwork should be removed.
- SAVE THE PDF**: Represented by a PDF icon. The final artwork is saved as a PDF file.
- PRINTED RESULT**: Represented by a checkmark icon. The final result is a printed and assembled cardboard box for "ORGANIC SHOP".

Technical specifications for the print are listed at the bottom:

- ✓ PDF
- ✓ 100-150 ppi
- ✓ CMYK
- ✓ FOGRA 39

## ASSEMBLY - Cardboard EAS Pedestal Covers

4 double-sided adhesive strips

1-2. Remove the film from one of the two sides and attach the adhesive strip to the cardboard.

3. Remove the film.

4. Repeat operations 1-3 for all the adhesive strips.

5. Close the display to stick the two sides together.

To make assembly as easy as possible, we recommend pressing the two surfaces together for a few seconds so they stick well to the adhesive strip.
